SPECIAL VEHICLES

Every Range Rover is special. But, Range Rover Autobiography is unique. Designed by you and built by Land Rover Special Vehicles to your exact specification. Coach painted meticulously to match precisely any colour you want. Finished in an almost infinite choice of leather upholstery options. And equipped with a range of technologically advanced features such as built-in satellite navigation TV video system and more. Range Rover Autobiography. It's the vehicle that only you can call your own.

Autobiography

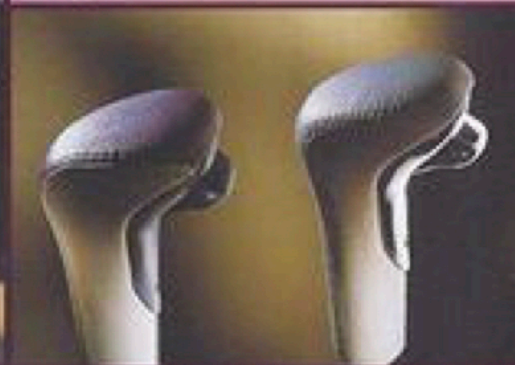

Your Range Rover Autobiography can put you on the map in more ways than one. Simply include a satellite navigation system as part of your specification. The system uses information from 24 orbiting satellites and maps held on CD-Rom to pinpoint your exact position anywhere in the world.

As well as storing detailed roadmaps, the system also gives you information on hotels, restaurants, galleries and local highlights - all displayed on a dedicated colour screen. So, wherever you venture, you can always arrive better informed. What's more, you can use the system to provide you with on-screen or audible directions to help you to find your way from one location to another.

Global satellite navigation. Another special feature to help make your Range Rover Autobiography totally unique.
