Limited Edition Range

*Antibes. Package deals with no surcharges.*

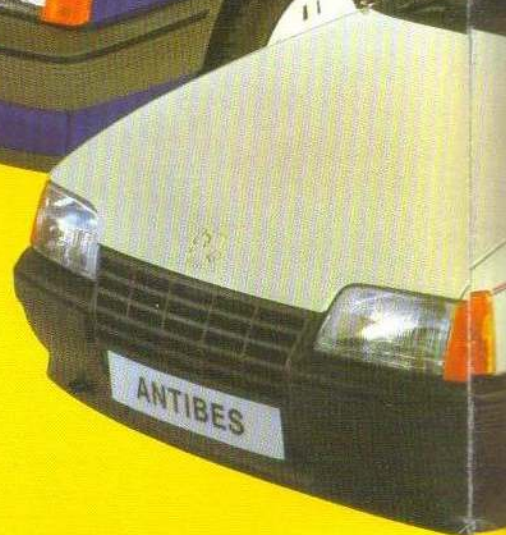

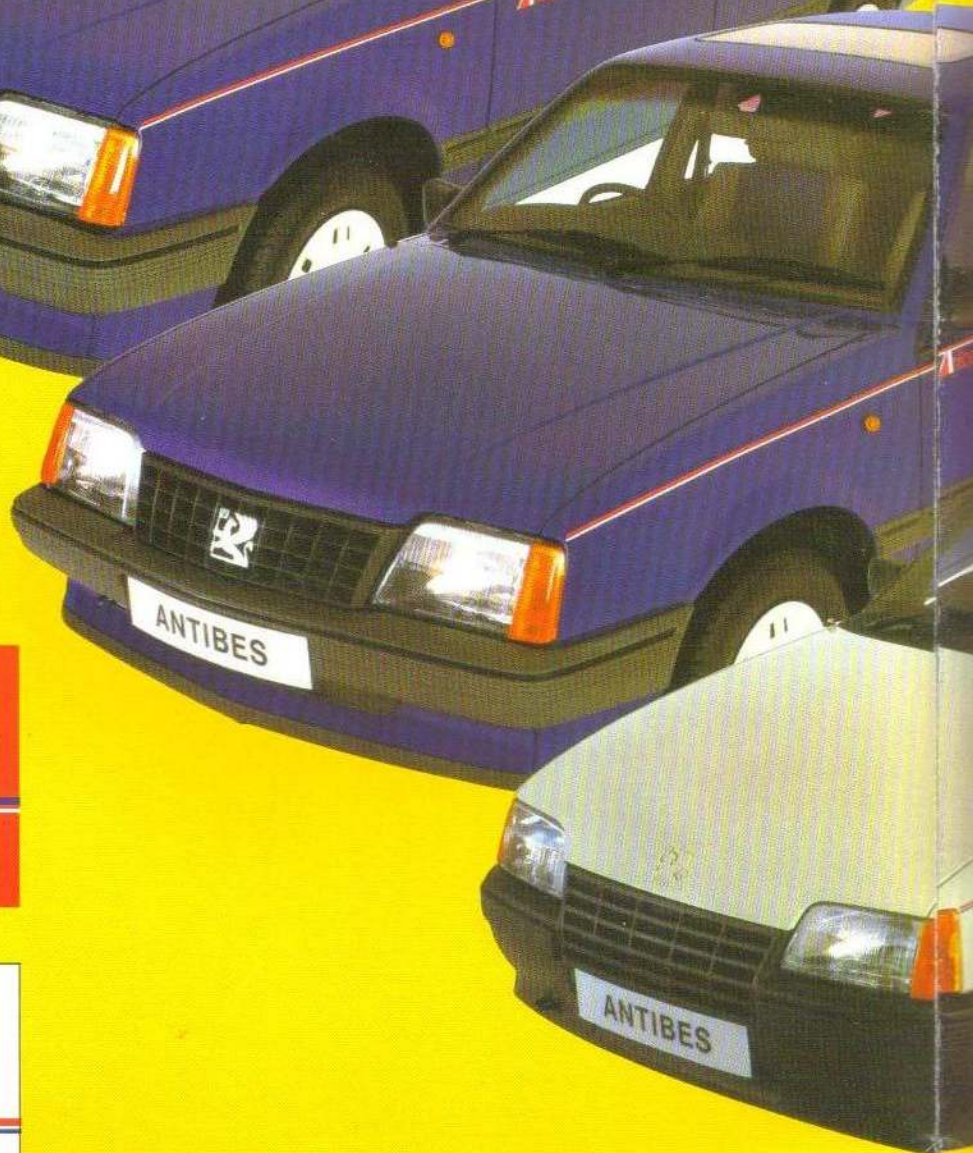

**Nova 1.2**

**Astra 1.3**

**Cavalier 1.6**

S.

For a strictly limited number of motorists, Vauxhall announce a range of limited edition models, which, even by our standards, offer an extraordinarily complete specification, at an exceptionally attractive price: the Nova, Astra and Cavalier Antibes Range.

With the Antibes Package, you pay no surcharges for a sunroof, a stereo-radio/stereo-cassette, a five-speed gearbox – or for any of the other many 'extras'.

No surcharge either, for an extra generous measure of that indefinable but instantly recognisable quality called style. (It is positively no coincidence that the new range is named after one of the most exclusive resorts in the South of France).

Take a trip to your Vauxhall dealer. Make a leisurely tour of the Antibes range. You'd go a long way before you found a package deal which offers so much luxury, practicality and sheer enjoyment at such a low, all-inclusive price.

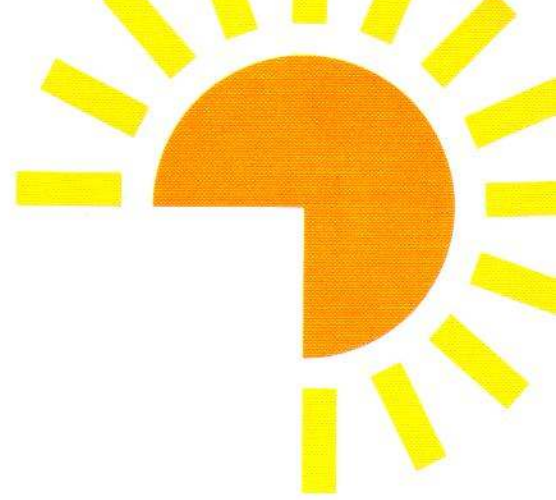

The inimitable Nova could never be called an ordinary car. The new Nova Antibes 1.2 3-door hatchback even less so. Indeed, the list of equipment and extras included in its modest price is quite extra-ordinary.

At the top of that list are: an incisive five speed gearbox, a sliding/tiltable glass sunroof and a four-speaker stereo radio/stereo cassette player.

More conspicuously, perhaps, there are the exclusive Antibes bodywork colour schemes: rich Regatta blue, with crisp red and white stripes; dazzling Polar white, with red and blue side stripes; and luscious Carmine red, with blue and white side stripes. In each case,

the distinctive Antibes motif is displayed discreetly on the sides and the tailgate. The SR tailgate spoiler supplies an extra finishing touch.

Body side-protection mouldings help protect your Nova Antibes against the carelessness of your fellow motorists – while the passenger door mirror allows you to detect any who come up 'on the inside'.

Those crisply styled white GL flush wheel covers you've been admiring – as well as the low profile tyres and white Griffin grille emblem – are part of the very special Nova Antibes package.

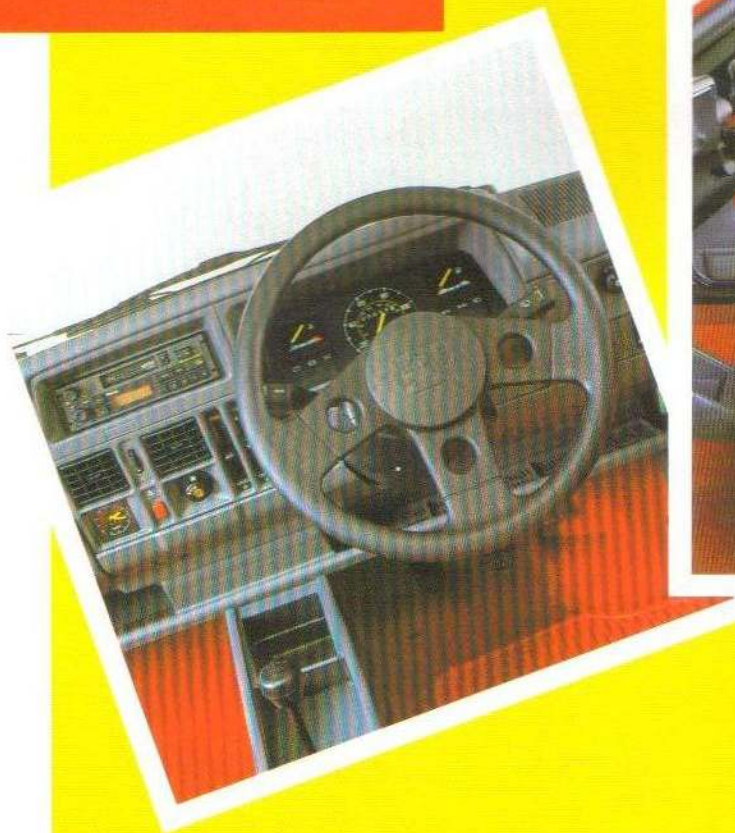

And there's more to come ...

**Nova 1.2**

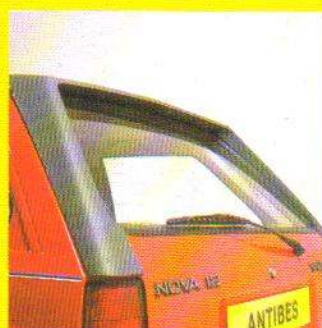

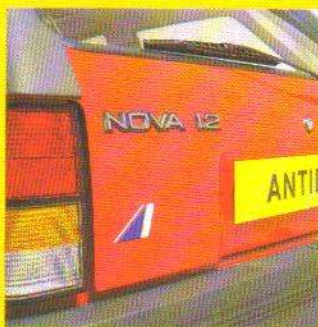

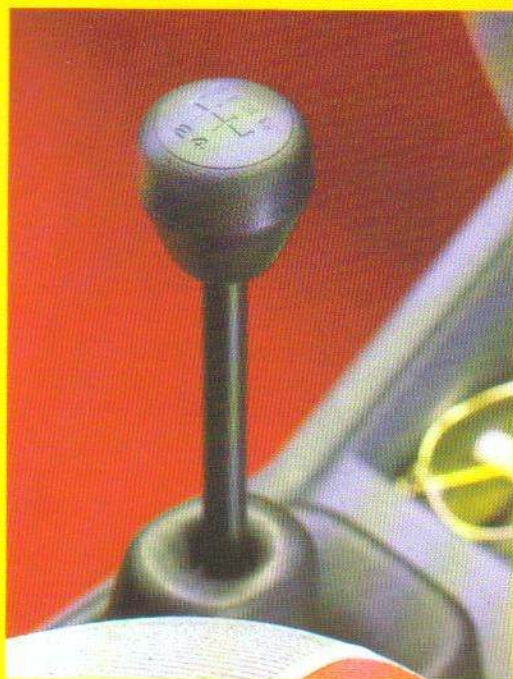

**Antibes**

# ***Nova 1.2***

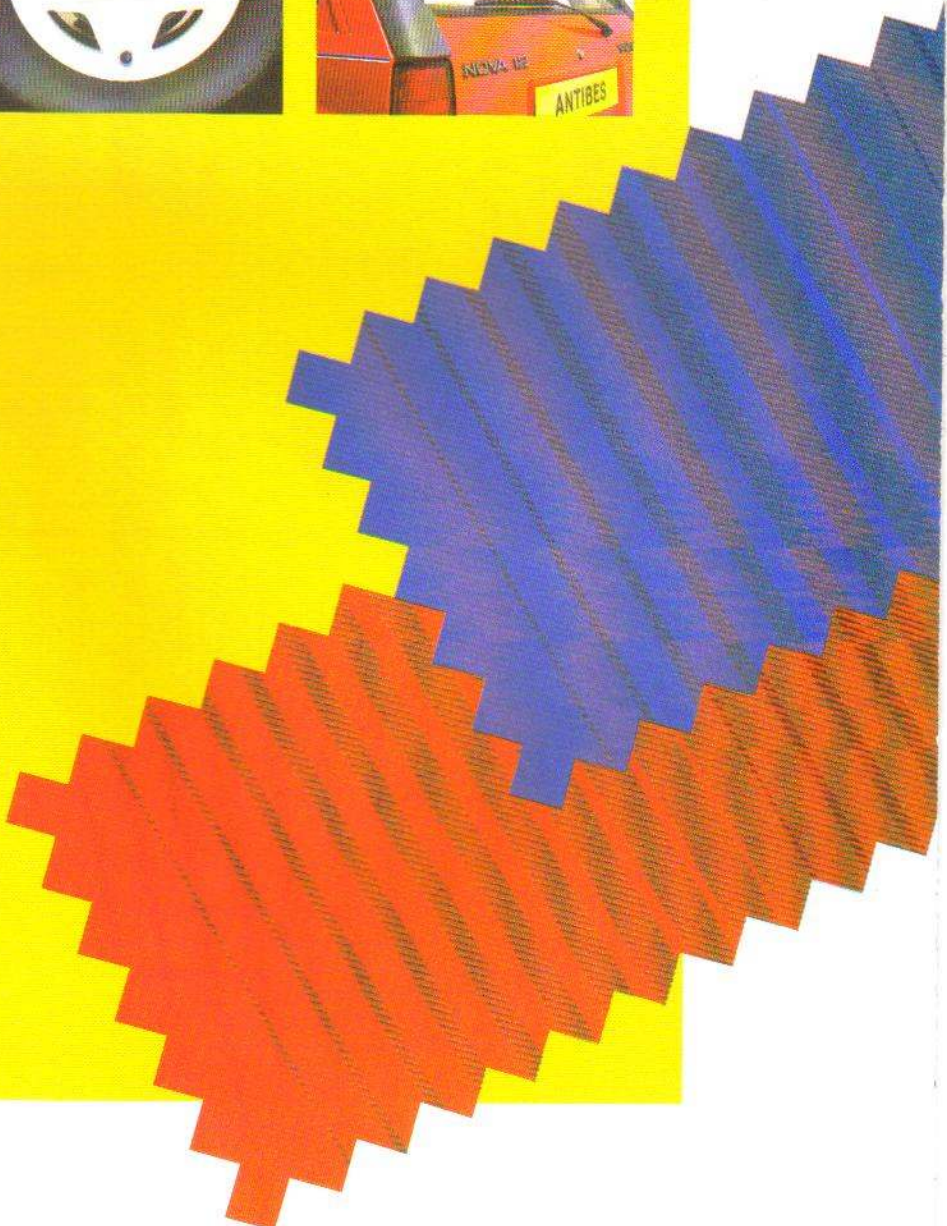

The interior proclaims, just as clearly as the exterior, that the Nova Antibes offers a whole new style of motoring.

You view the world through windows subtly tinted with bronze – and a windscreen with a shade band, to reduce glare.

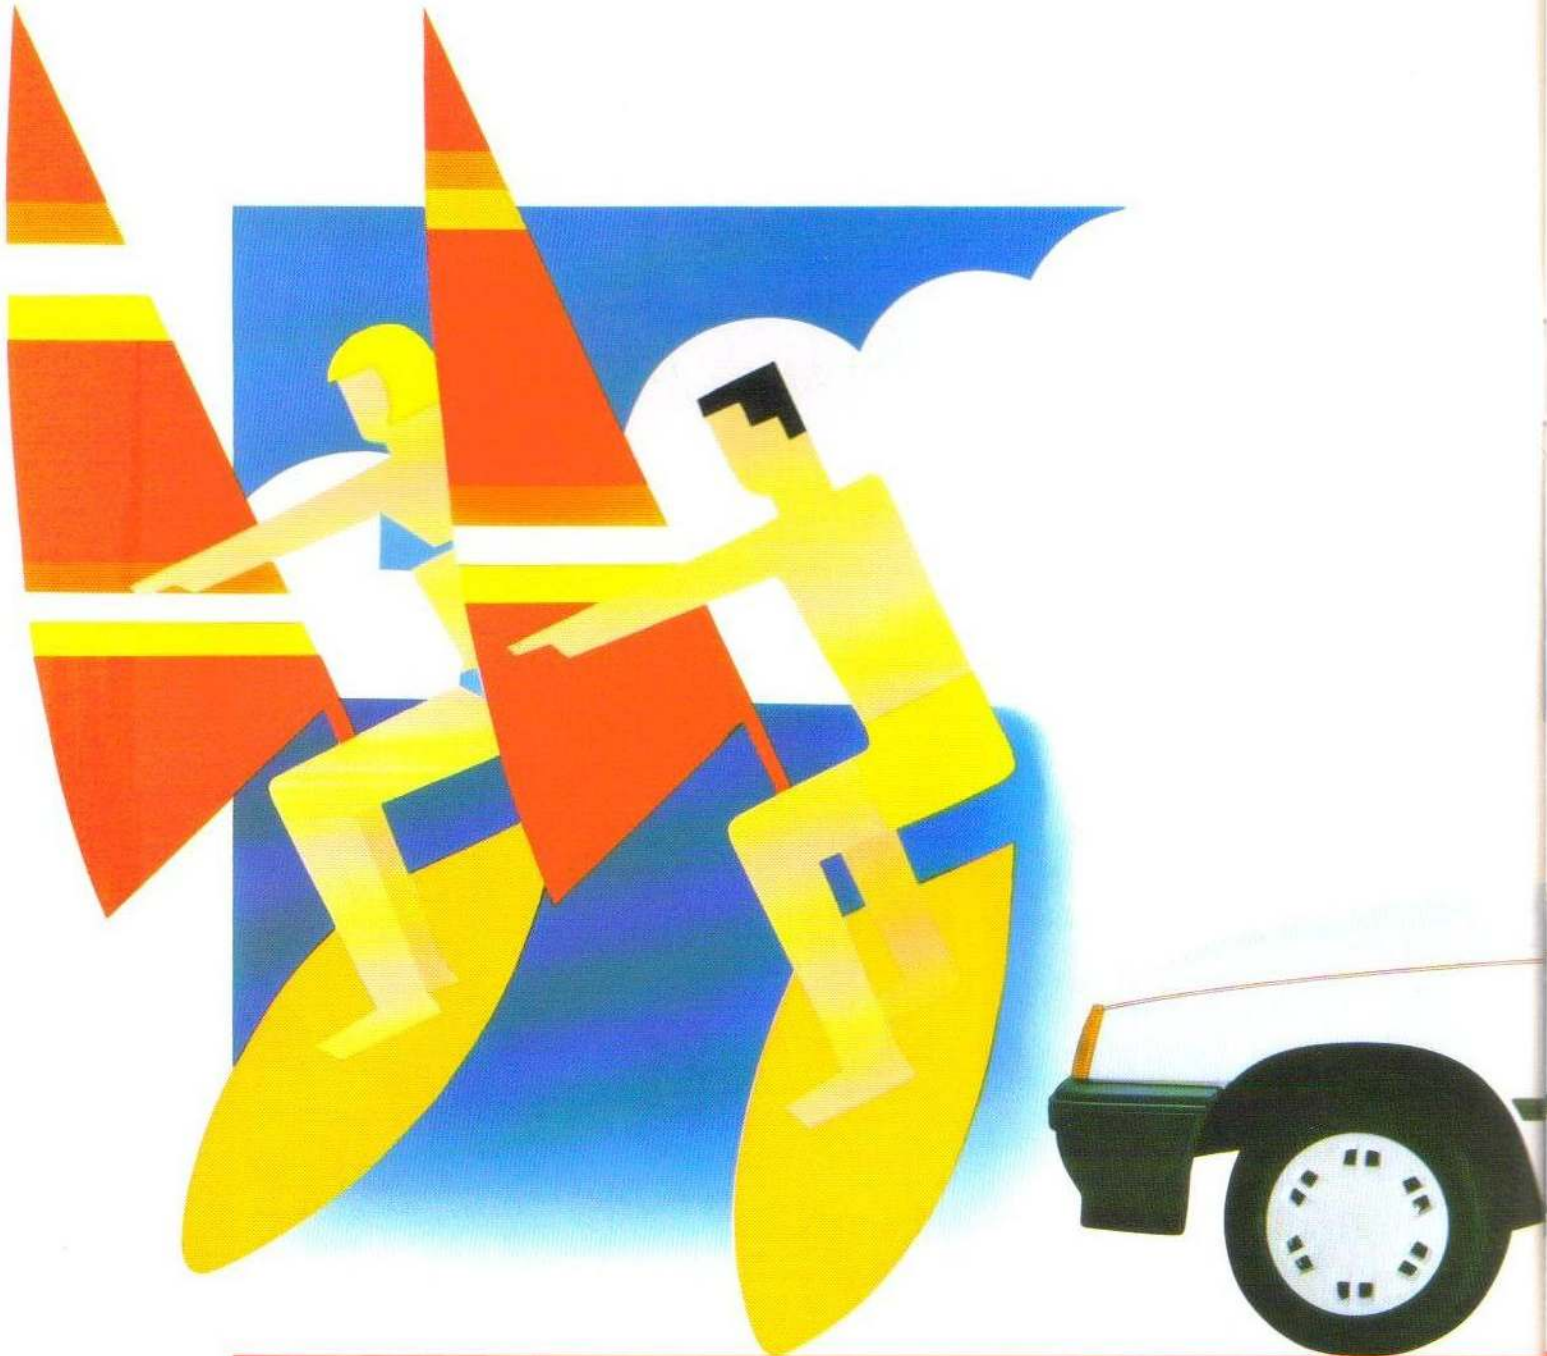

You sit in seats covered in special 'Ronda' fabric – an eyecatching red, if you opt for red bodywork, a regally opulent blue with white or blue bodywork. Cloth door trim inserts and velour carpets emphasise the fact that, in the Nova Antibes, the luxury is wall to wall.

Some things are purely 'standard' Nova, of course. The same crisp performance . . . the same sure handling . . . the same depend-on-me reliability . . . and (needless to say) the same low running costs.

The Antibes is like no other Nova. Unique? That just about sums it up.

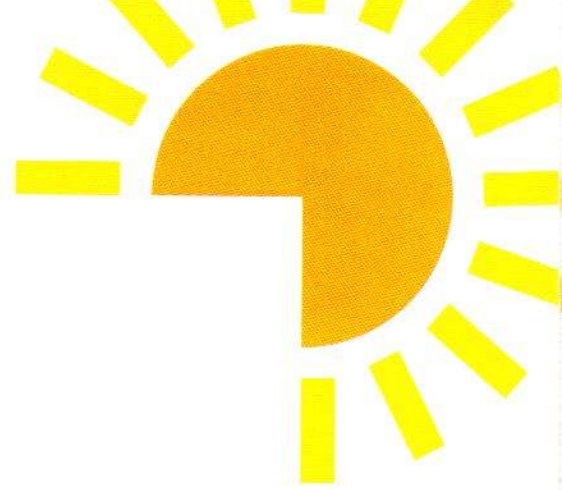

From the very beginning, the Vauxhall Astra was acclaimed by the motoring press and public alike. What superlatives will the journalists heap upon the new, limited edition Astra Antibes?

To all the traditional Astra virtues – genuine 'go', renowned reliability, real frugality – the Astra Antibes 1.3 5-door hatchback adds an extra measure of that indefinable but unmistakable quality, style.

The specially co-ordinated bodywork colours and interior trim combinations are as for the Nova. And again, Antibes value for money is underlined by the imposing array of extras included in the price. They're headed by a sliding/tiltable

glass sunroof, a 5-speed gearbox and a four-speaker stereo radio/stereo cassette player, with automatic electric aerial.

The wheels, with flush white covers, are fitted with broad-shouldered low profile tyres – further enhancing the Astra's reputation for round-the-curves and down-the-straight handling. The SR rear spoiler, bronze tinted glass, body side protection mouldings and central locking are all included in the price.

The interior specification is every bit as comprehensive ...

## **Astra 1.3**

 **Intibes**

# Astra 1.3

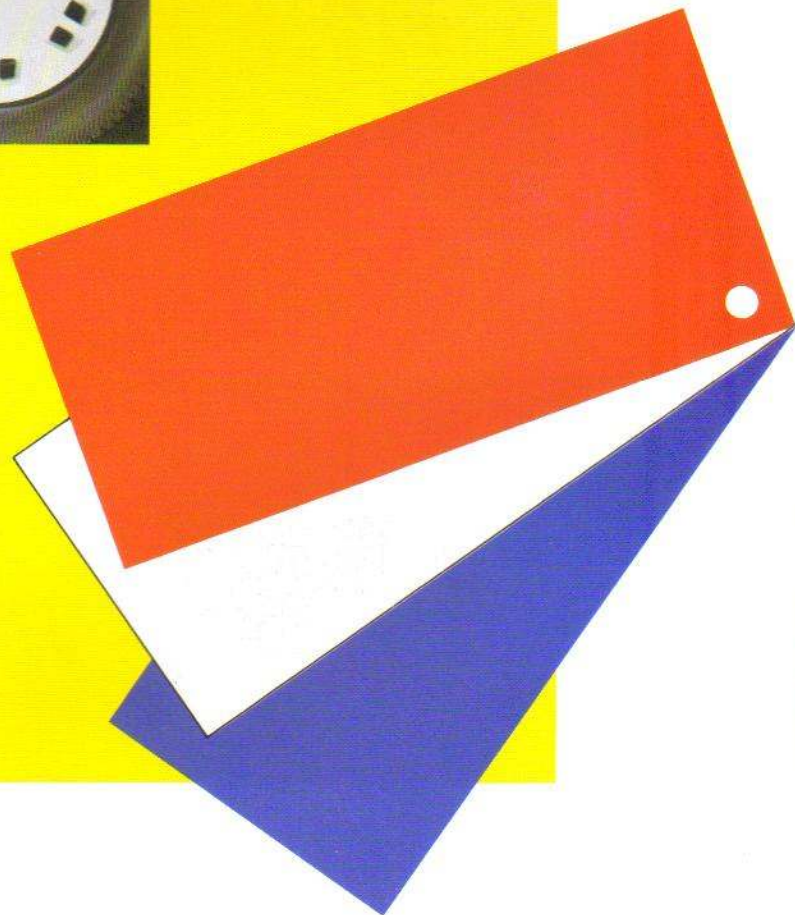

When you slip into the sensational Astra Antibes, you step out of the ordinary world of everyday motoring.

Velour carpets? of course. 3-spoke sports steering wheel, tiltable steering column, height adjustment for the driver's seat? naturally.

Cloth door trim inserts? internally adjustable passenger door mirror? You don't even have to ask! Because, if the Astra Antibes epitomises the concept of style, it also provides a working definition of the term 'comprehensively equipped'.

Given the immense popularity of the Cavalier it obviously offers precisely the blend of performance, reliability, low running costs and comfort demanded by a vast number of motorists. But it would, clearly, be foolish to claim, for a car which so overwhelmingly dominates its class, the additional virtue of exclusivity. Unless, that is, you happen to be the fortunate possessor of a Cavalier Antibes.

These dashing new Cavalier 1.6 saloons and hatchbacks offer the same range of exclusive paintwork, side stripes and interior trim colours as the two other models which bear the Antibes motif.

As you'd expect, the spec. list is equally impressive.

A 5-speed gearbox is standard.

A sliding/tiltable glass sunroof is standard.

A four-speaker stereo radio/stereo cassette player, with electric aerial, is standard.

Bronze tinted glass; central locking, white Griffin grille emblem; white, flush wheel covers, rear spoiler and road-hugging low profile tyres; smart, anthracite coloured drip rails and waistline mouldings; a tailgate wash/wipe on the hatchback; and black inserts on the side mouldings and bumpers... are all (that's right) standard.

Now turn the page for the inside story...

# Cavalier 1.6

 **Opel**

# Cavalier 1.6

The minute you open the driver's door of the Cavalier Antibes, you know you're looking at the top car of a very exclusive range.

We need hardly mention that the Cavalier Antibes is fitted with velour carpets, cloth door trim inserts and cloth-covered front seat head restraints.

You can also take it for granted that the passenger door mirror is adjustable from inside the vehicle and that a seat height adjuster and tiltable steering column are provided to allow you to tailor the driving position to your liking.

Added to all this is the sensual pleasure of driving a car which, motoring journalists agree, offers levels of performance and handling approached by very few cars in its class.

Take a good look at – or, better still, a drive in – the Cavalier Antibes and we think you'll agree there's really nothing we can add. And that's what makes our dazzling front-runner not only sensational, but sensational value for money.

# Nova 1.2

## SPECIFICATIONS ENGINE

1.2 1196cc overhead cam, 4-cylinder. Power (max): 55PS (DIN) @ 5600rpm. Torque (max): 66.4 lb. ft. (90 Nm) @ 2200rpm. Fuel system: Pierburg 1B1 single barrel carburettor. Manual choke with warning light. Compression ratio: 9.2:1 (4-star fuel). Electronic breakerless ignition, hydraulic tappets, alloy cross-flow cylinder head and electric cooling fan.

## PERFORMANCE (mph)

Max speed 94.5. (Manufacturer's figure).

## TRANSMISSION

Mechanical asbestos-free, single plate clutch. Front wheel drive. 5-speed overdrive gearbox. Gear ratios

1st	3.55:1
2nd	1.96:1
3rd	1.30:1
4th	0.89:1
5th	0.71:1
Rev	3.18:1
Final drive ratio	3.94:1

## SUSPENSION

Front: Independent, MacPherson struts with damper cartridge and coil springs. Rear: Compound crank with progressive rate miniblock coil springs and telescopic dampers.

## STEERING

Rack and pinion. Energy absorbing steering column. 3.9 turns lock-to-lock. Turning circle: 30.7ft. (9.35m).

## BRAKES

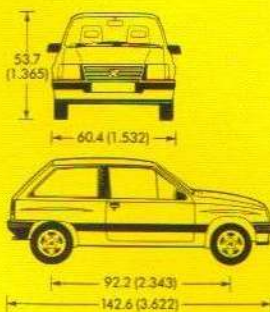

Dual circuit, diagonally split, servo assisted. Two pressure conscious reducing valves. Handbrake-on and low brake fluid warning light. Plastic coated brake pipes.

## WHEELS/TYRES

4½ J x 13 steel wheels with white flush covers. 155/70 SR 13 low profile tyres.

## FUEL CAPACITY

9.2 Imp. gallons (42 litres).

DIMENSIONS: inches (metres)

## ELECTRICS

12 volt negative earth system. 45 amp alternator. 36Ah maintenance-free battery.

## BODY

Aerodynamic all steel body with extensive anti-corrosion protection. Safety crumple zones front and rear. Rigid passenger safety-cell. Single 2-way key operated locks, ignition and fuel cap. Burst-proof door locks. Tailgate assist strut. Steel bumpers with thermoplastic clip-on covers. Front air spoiler. Nova Antibes carries a six-year body panel anti-perforation warranty.

## USABLE LOAD CAPACITIES (cu. ft.)

Rear seat up 79\*. Rear seat down 29.8.  
\*Volume under hinged load cover.
