Won by Pentti Airikkala.

### **British Open Championship**

Brian Wiggins won Group 2, 1300 class.

**NEW**

# Astra 1200S

**2-door Saloons  
4-door Saloons**

Astra 1200S models are available as both 2-door and 4-door saloons, each with a choice of 'E' or 'L' levels of interior appointments. All four variants are powered by an 1 196cc ohv transverse engine, that is both highly refined and well-proven – both for reliability and economy.

Transmission, gearbox, suspension, brakes, steering, wheels/tyres, and electrical components are identical with 1300S 5-door hatchbacks and estates.

Specific differences are as follows:

**Engine:** 1 196cc OHV 4-cylinder. Bhp (DIN) 60,0 @ 5 800rpm. Torque (max) 64,9 lb.ft. @ 3 600rpm. Manual choke.

**DoE fuel economy figures:**

Constant 56mph 45,6mpg

Constant 75mph 32,5mpg

Urban Cycle 30,7mpg

**Weights:** Kerb weight

2 door E/L saloons 1841lb 2822lb

4 door E/L saloons 1885lb 2866lb

**Roof rack** (as 1300S models)

**Appointments:** Apart from trim material differences – 'E' models have 'Scotch' cloth, 'L' models have 'Tweed' cloth – all Astra models offer an identical choice of 11 colour and trim combinations.

For full details of Astra 1200S models' specifications and appointments, see back page.

Astra GL

**NEW**

# Astra 1300S

**3-door Hatchbacks**  
**3-door Estate**

Three new 1300S models are now added to the Astra range – two versatile, roomy, 3-door Hatchbacks in a choice of L or GL appointment levels; and a highly practical, capacious L Estate.

They are powered by one of Europe's most technically advanced engines, providing an exceptional combination of high performance with fuel economy.

Smoothness, free-revving ability, high power output and cost-saving fuel economy are the chief characteristics of this 1 297cc OHC, 4-cylinder unit. It features a highly efficient alloy cross-flow cylinder head, five-bearing crankshaft with four counterweights for smoothness, hydraulic tappet adjusters which automatically regulate valve clearance without need for adjustment or maintenance, and is fitted with the sophisticated G.M. Varajet carburettor.

**Engine:** 1297cc OHC, 4-cylinder. BHP (DIN) 75,0 @ 5 800rpm. Torque (max) 74,4 lb/ft @ 4 500rpm.

**DoE fuel economy figures:**

	Hatchbacks	Estate
Constant 56mph	47,1mpg	45,6mpg
Constant 75mph	34,0mpg	34,4mpg
Urban cycle	28,8mpg	28,8mpg

For full details of Astra 1300S models' specifications and appointments, see back page.
